- F/L = Full Length Punching
- Taper = One end tapered
- Bare = Bare steel, not corrosion protective coating
- All holes are punched 1" on center, unless other wise denoted.
- Inventory levels are on a "first come, first serve" basis.
- Polyester Powder Coated posts are stored in a finished state and are available for shipment within 72 hours.
- Galvanized posts are stored in a bare steel, ready to be galvanized state. Upon submission of a sales order,
- the material will be transferred to the galvanizing center and processed. Material will be ready for shipment
- within 5 working days.
- Minimum Order Quantity is 40,000 lbs.
- **Please contact you local distributor for availability**
